

A smiling woman with dark skin, wearing a blue headscarf with a patterned band and a colorful purple and red patterned top with a white lace collar, holds a large pink plastic basket filled with fresh, reddish-brown sweet potatoes. She is standing outdoors in a rural area with green trees and a blue sky with light clouds in the background.

What is Workplace Giving and how does it work?

Workplace Giving is an easy and effective way to make regular donations to ActionAid Australia through payroll deductions.

Donations are made automatically from your pre-tax pay, which means you instantly receive a tax deduction each pay cycle!

You can start or change your donation at any time.

About ActionAid Australia

We are a women's rights organisation that is part of a global Federation working in over 45 countries to achieve social justice, gender equality and poverty eradication.

We focus on women because the majority of those living in poverty and exclusion are women. Our work empowers women to be effective leaders who create inclusive and sustainable change in their communities.

What are the benefits?

For employees

You receive an immediate tax benefit from your pre-tax donation. For example, if you make a monthly donation of \$40 to ActionAid Australia:

- You receive an immediate tax saving of \$13*, so the net cost to you is \$27;
- You will also receive regular updates on how your donation is making a difference;
- If your employer matches your donation, \$80 will go towards helping women claim their rights and fight poverty and injustice.

For employers

- Workplace Giving is an effective and efficient way to strengthen team morale, enhance your company's reputation and make a real difference to communities in need;
- It's a great way to support your employees and their charitable interests;
- It's easy to set up and offers employees a tax effective way to donate;
- You will receive regular updates on how your Workplace Giving Program has supported women around the world. We can even send a speaker to your office to share more information about the impact you and your employees are having.

* Based on 2018-2019 Australian marginal tax rate of 32.5% for taxable incomes of \$37,001-\$90,000.

For women experiencing poverty and exclusion

- Regular donations support long-term, sustainable programs that empower women to claim their rights;
- Women are provided with training and education so that they are able to earn an income, gain independence and ensure their children grow up educated, healthy and safe;
- Women are also provided with safe spaces to voice their concerns and issues, understand their rights and connect with other women to learn ways that they can create change in their communities.

Great! Simply include ActionAid Australia as a charity of choice and let your employees and us know.

How your ongoing donation can make a difference:

Agriculture

\$13 a month can provide 12 women with a year's supply of drought-resistant seeds to grow essential food crops.

Violence Against Women

\$30 a month can provide counselling, medical care and legal support for 12 women who have experienced domestic violence.

Women's Resilience

\$60 a month can provide 10 women with leadership training where they will learn to take action on issues that matter to them and their communities.
